From the beginning of U. S. history, American Native populations and Africans had a historical relationship of both cooperation and confrontation. Europeans first enslaved Indians, introducing Africans to the Americas shortly after. Nicolas de Ovando, Governor of Hispaniola first mentioned African and Indian interaction in a report, circa 1503.

5 Things to Know About Blacks and Native Americans • EBONY

African and Native peoples came together in the Americas. Over centuries, African Americans and Native Americans created shared histories, communities, families, and ways of life. Prejudice, laws, and twists of history have often divided them from others, yet African-Native American people were united in the struggle against slavery and dispossession, and then for self-determination and freedom. For African-Native Americans, their double heritage is truly indivisible.

An Ancestry of African-Native Americans - Smithsonian

Though both African American and Native Americans shared the bottom of the American social ladder and suffered from prejudice and discrimination, their lives were somewhat different. Both suffered at the hands of whites, but Native Americans suffered more with the almost total destruction of their society.
