Democracies In Danger Democratic Transition And Consolidation

Democracy in Danger. Democracy is facing its greatest test since World War II. Although the United States has a robust democratic tradition, it is buckling under the weight of disinformation, nativist ideology, voter suppression and other efforts to weaken participatory government. Indeed, many analysts are alarmed by the growing parallels between the behavior of U.S. political leaders and that of autocratic rulers elsewhere — Erdogan in Turkey, Orban in Hungary, Putin in Russia, Bolsonaro ...

Democracy in Danger | Media Lab

The danger to US democracy is the Republican Party - opinion Our democracy is broken, as faith in our constitutional system and culture that guided us has been all but shattered.
