Functions, Statistics, and Trigonometry . First Semester Final Exam Review . Non-Calculator . 1 (2-1) 1) a. Determine the domain and range of . the relation described by the graph.

~~University of Chicago School Mathematics Project (UCSMP)~~

Functions, Statistics, and Trigonometry. Trigonometric functions are used in their two main roles: as functions that enable lengths of segments and measures of angles of figures to be determined, and as functions that model periodic phenomena. The work with trigonometry includes strong connections with the geometry, matrices,...
