Knowledge of physical geography would be useful to a weather forecaster in the South who wanted to. Which is the best example of the geographic term "site", a specific physical setting, such as Baja California's location on a peninsula west of mainland Mexico. ...

**Geography: The World and Its People (GEOGRAPHY: WORLD ...**  
Human geography is the branch of geography that deals with the study of how the human society is influenced by the Earth's surface and environment and how, in turn, anthropological activities impact the planet. Human geography is centered on the study of the planet's most evolved creatures: the humans and their environment.
