How to Tan a Hide | Mother Earth News

How to Tan a Hide. If you hunt deer and other animals for their meat, why not use their hides as well? Treating a hide with a tanning process ensures you'll end up with a supple piece of leather that can be used to make shoes and clothing...

Amazon.com: Customer reviews: Home Tanning and Leather ...

The reason for tanning leather is to change the skin or hide's protein structure. Tanning arrests the decaying process and changes the skin into leather. Once tanning is complete, the leather can be used to create a wide variety of leather goods. The skins or hides of domestic animals generally make the best leather.
