Introducing Philosophy: A Text with Integrated Readings, Tenth Edition, is an exciting, accessible, and thorough introduction to the core problems of philosophy and the many ways in which they are, and have been, answered. The authors combine substantial selections from significant works in the history of philosophy with excerpts from current philosophy, clarifying the readings and providing context with their own detailed commentary and explanation.

[Introducing Philosophy: A Text with Integrated Readings](#) ...
Again, the answer is a philosophy. Philosophy, religion, and science have always been closely related. The emphasis shifts, but the point of these endeavors is the same: the importance of ideas and understanding, of making sense out of our world and seeing our lives in some larger, even cosmic, perspective.
