My favorite feature of the JBL Creature II speakers has to be the touch activated volume control. One of the satellite speakers has + and - buttons on the front. Just tap either plus or minus to raise or lower the volume of your speakers. You don't need to press hard at all. Just a light tap works just fine.

It's small and comes in peace. Until you want big sound - and really big bass - from your music player, computer (all platforms), stereo or portable listening device. The powerful subwoofer rocks. Two satellite speakers finish the job, bringing music, video and gaming sound to life. A touch increases or decreases volume, mutes or unmutes.
