JRC JST-245 Product Reviews - eHam.net Home Viewed from this perspective, the JRC JST-245 rates a "5" on the eHam.net scale. The transceiver offers 180-6 meter coverage, a built-in power supply and antenna tuner. The tuner, which does not cover 6 meters, works fine with my Carolina Windom (CW-80) antenna on all but 17 meters, where an outboard tuner is required.

JRC JST-145 USER MANUAL Pdf Download.

The beginning Most of my repairs have some curious story behind them and, this time, it was not different!. All started when a ham friend took a JRC JST-145 to my shop to add some parts from a 'similar' parts rig he had (which turned out to be a JST-245). Parts were no less than the Auto Tuner circuits (three PCBs and some cabling), as it was an option on the JST-145 but standard on the JST-245.
