Nation, Language, and the Ethics of... book

Nation, Language, and the Ethics of Translation enters the heart of this debate. It covers an exceptional range of topics, from simultaneous translation to legal theory, from the language of exile to the language of new nations, from the press to the cinema; and cultures and languages from contemporary Bengal to ancient Japan, from translations of Homer to the work of Don DeLillo.

Nation, language, and the ethics of translation. Edited by ...

same densely interwoven issues: (1) the nation, both its discursive construction and its dismantling; (2) language, as a site of power, a means of active communication, and a scene of epistemological reflection; and (3) the ethics of translation, a topic that, as each of these contributions in one way or another reveals,

Nation, Language, and the Ethics of Translation by Sandra ...

Nation, Language, and the Ethics of Translation. In recent years, scholarship on translation has moved well beyond the technicalities of converting one language into another and beyond conventional translation theory. With new technologies blurring distinctions between "the original" and its reproductions, and with globalization redefining national...

Nation, Language, and the Ethics of Translation on JSTOR

With new technologies blurring distinctions between "the original" and its reproductions, and with globalization redefining national and cultural boundaries, "translation" is now emerging as a reformulated subject of lively, interdisciplinary debate. Nation, Language, and the Ethics...
