The embrace of socio-economic rights in South Africa has featured prominently in scholarship on constitution making, legal jurisprudence, and social mobilization. But the development has attracted critics who claim that this turn to rights has not generated social transformation in practice.

~~Socio-Economic Rights Institute of South Africa~~

Socio-economic rights are those rights that give people access to certain basic needs necessary for human beings to lead a dignified life. Government and, in certain circumstances, private individuals and bodies, can be held accountable if they do not respect, protect, promote and fulfil these rights. Socio-economic rights are especially relevant for vulnerable and disadvantaged groups in society.
