The End of History? - Francis Fukuyama

By Way of an Introduction. Both Hegel and Marx believed that the evolution of human societies was not open-ended, but would end when mankind had achieved a form of society that satisfied its deepest and most fundamental longings. Both thinkers thus posited an "end of history": for Hegel this was the liberal state,...

The End of History and the Last Man - Wikipedia

The end of history is a political and philosophical concept that supposes that a particular political, economic, or social system may develop that would constitute the end-point of humanity's sociocultural evolution and the final form of human government.

The End Of History And

The End of History and the Last Man (1992), by Francis Fukuyama, is a political book of philosophy which proposes that with the ascendancy of Western liberal democracy - occurred after the Cold War (1945-1991) and the dissolution of the Soviet Union (1991) - humanity had reached "not just ... the passing of a particular period of post-war history, but the end of history as such: That is, the end-point of mankind's ideological evolution and the universalization of Western liberal ...

End of history - Wikipedia

Ever since its first publication in 1992, The End of History and the Last Man has provoked controversy and debate. Francis Fukuyama's prescient analysis of religious fundamentalism, politics, scientific progress, ethical codes, and war is as essential for a world fighting fundamentalist terrorists as it was for the end of the Cold War.

The End of History and the Last Man by Francis Fukuyama ...

It's Still Not the End of History. In the wake of the credit crunch and the global economic downturn, it has become increasingly clear that prosperity is not, in fact, best served either by the pursuit of laissez-faire economics or by the inexorable extension of economic freedoms. Indeed, quite the opposite.

THE NOTION of the end of history is not an original one. Its best known propagator was Karl Marx, who believed that the direction of historical development was a purposeful one determined by the interplay of material forces, and would come to an end only with the achievement of a communist utopia that would finally resolve all prior contradictions.
