If you want to write for profit, the first thing you need to know is what kind of writing you want to do. While many professional writers actually do different types of writing, it's still important to choose a starting point. You might pick your top three types of writing to pursue and later, you can add-on or try different things as you go.

Written by the author of "An Author's Guide to Publishing", this guide to the craft of writing contains advice and tips. It includes chapters that cover such aspects of writing as the novel, short stories, non-fiction, articles, poetry, plays, radio and television scripts - even children's books.

[Writing for pleasure and profit : Legat, Michael, 1923 ...](#)

One approachable starting place is to write the story of what you did yesterday. This works on your writing skills and flexes your memory. To exercise that idea muscle as well, you can embellish the story with creative language or artistic license. Try recording the real events of your day but changing the scene.
