conducive to quick sports riding- the
suspension grips the snow, smoothes
the moguls and lets you maneuver
quickly and easily on tight trails. Despite
the smooth chassis in the 500, the triple
power is smoother, but with the 500,
you save nearly a grand in initial price.

Yamaha intends for its Vmax 500 to be what the Indy 500 is to Polaris: a popular selling sled with good value, low price and stone-cold reliability. It is to be a liquid-cooled Phazer for the snowmobiler who'll pay the extra 800 bucks for the enhanced performance of the liquid-cooled Yamaha twin. As a bang for the buck product, the Vmax 500 delivers.
